

In the Claims:

Please amend Claim 4 as follows and cancel Claims 34-36.

- AZ  
Sub  
B1
4. The system of Claim 1, wherein the first program previously executed by the processor:
- (i) identifies information pertaining to the second program for sharing with a third program; and
  - (ii) requests storage of the information pertaining to the second program in the memory for retrieval by the third program.
